## Patience Prayer

Dear Heavenly Father,

God, I know that you are patient with me and have allowed me time to repent and come back to you. Lord, give me the same patience with people or situations. Please forgive me for not coming to you sooner to ask for patience.

God, help me to allow the fruit of the Spirit to flow in my life as according to Galatians 5:22. I welcome you Holy Spirit to control my life and to come into my heart. God, when faced with difficulty, help me to wait patiently and confidently. Help me to endure difficulty without wanting to get vengeance.

Control my temper, so that I will not worry, get angry, act rashly, or get irritated. Help me to bear the pain from impatience without complaint and with calmness. Help me to stay in Your will. Your Word says love is patient, so God create in me a heart to love more. Do a work in me and help me to practice patience daily.

In Jesus Name,  
Amen.
